- (ii) in respect of:

- (1) the grant of the Investor Options by LCW to the Company, and the grant of the Company Options by the Company to LCW, the Company having obtained the necessary approval from its shareholders at an EGM for the grant of the Share Options between the Company and LCW, and the allotment and issuance of Option Shares to LCW upon the exercise of the relevant Share Options in accordance with the terms of the Share Option Agreement, as an IPT (as defined and elaborated in paragraph 9 below) (the “**LCW Approval**”);

It be noted that the Share Option Agreement provides, *inter alia*, that the LCW Approval and the Other Investors Approval are not inter-conditional (i.e. in the event that the LCW Approval is not obtained, the Other Investors will continue to perform their obligations under the Share Option Agreement and vice versa).

- (iii) no relevant authority taking, instituting, implementing, or threatening to take, institute or implement any action, proceeding, suit, investigation, inquiry or reference, or having made, proposed or enacted any statute, regulation, decision, ruling, statement or order or taken any steps, and

there not continuing to be in effect or outstanding any statute, regulation, decision, ruling, statement or order which would or might:

- (1) make the transactions contemplated in the Share Option Agreement in respect of the Company and the relevant Investor and all other transactions in connection therewith and incidental thereto, void, illegal and/or unenforceable or otherwise restrict, restrain, prohibit or otherwise frustrate or be adverse to the same;
 - (2) render the relevant Investor being unable to grant his respective Investor Options; or
 - (3) render the Company unable to grant the Company Options to the relevant Investor;
 - (iv) each of the representations, undertakings, and warranties of the Company and the relevant Investor under the Share Option Agreement being complied with, true, complete, accurate, and correct in all material respects and not misleading in any material respect as at the Grant Date (as defined in paragraph 3.1.2 below), as if repeated as at the Grant Date (as defined in paragraph 3.1.2 below) and at all times between the date of the Share Option Agreement and as at the Grant Date (as defined in paragraph 3.1.2 below);
 - (v) there not having been at any time prior to or on Grant Date (as defined in paragraph 3.1.2 below) the occurrence of any of the following events:

- (b) Any Grant Condition Precedent which is capable of being waived may be waived in whole or in part and conditionally or unconditionally and may only be waived by written agreement between the Company and the relevant Investor.
- (c) In the event that the Grant Condition Precedents are not satisfied and/or waived in respect of an Investor:
- (i) the Share Options shall not be granted by/to either the relevant Investor or the Company (as the case may be);

- (ii) the aggregate number of Options Shares that may be issued by the Company shall be reduced by the aggregate investment amount of the relevant Investor divided by the Exercise Price;
- (iii) the Company shall not be entitled to issue the Options Shares to the relevant Investor, and the relevant Investor's proportion shall be disregarded when issuing the Options Shares in accordance with the terms of the Share Option Agreement; and
- (iv) the Company Options shall not be granted by the Company to the relevant Investor.

3.1.2 Grant Date

The Investor Options and the Company Options are both deemed to be granted in respect of the relevant Investor on the date in which (i) the Grant Conditions Precedent are satisfied and/or waived in respect of the relevant Investor; and (ii) both the Investor Option fee (S\$1.00) and the Company Option fee (S\$1.00) are duly paid by the Company and the relevant Investor respectively (the "**Grant Date**").

3.2. Option Period

Subject to satisfaction of the Grant Conditions Precedent in respect of the Company and the relevant Investor, the Investor Options may only be exercised by the Company, and the Company Options may only be exercised by the relevant Investor, during the period from the Grant Date up till the day five (5) years after the Grant Date, or up till the termination of the Share Option Agreement, whichever is earlier (the "**Option Period**"). The Investor Options and the Company Options shall lapse after the Option Period.

3.3. Exercise of the Share Options

For each three (3) month period starting from the Grant Date, each of the Company and the Investor shall be entitled to issue one (1) notice under the Share Option Agreement requiring the other party to subscribe for/issue and allot the Option Shares (as the case maybe) on a pro-rata basis and the number of Options Shares that the Company can issue at any one drawdown shall be a minimum of 10% of the aggregate number of Options Shares.

3.4. Undertakings

3.4.1 Undertakings of the Company

The Company may, if necessary, scale down the issuance of the Option Shares to the Investors:

- (a) to avoid placing any one Investor and/or parties acting in concert with him (as defined in the Code in the position of incurring an obligation to make a mandatory general offer under the Code; and/or
- (b) to avoid the transfer of a controlling interest in the Company, which is prohibited under Rule 803 of the Catalist Rules, unless prior approval of Shareholders is obtained in a general meeting.

3.4.2 Undertakings of the Investors

Each Investor undertakes, *inter alia*, to the Company that:

- (a) Disposal of the Company Options: Unless otherwise agreed in writing by the Company, each Investor acknowledges that the Company Options granted are personal to each Investor and that the Company Options shall not be sold,

mortgaged, transferred, charged, assigned, pledged or otherwise disposed of or encumbered.

The Company wishes to state for the record that it may (but is not obliged to) agree to a transfer of the Company Options. Furthermore, it is the intention of the Company that any disposal of Company Options should only be to existing Investors (other than LCW, who has undertaken to not request for more Option Shares beyond his Share Option Limits) in accordance with the terms and conditions of the Share Option Agreement.

- (b) Initial Exercise of the Company Options: Each Investor shall carry out an initial exercise of the Company Options within fourteen (14) days from the Grant Date, in which, each Investor shall subscribe for at least 10% of the aggregate number of their respective Option Shares (rounded downwards to the nearest whole number of Shares in the event of any fractional shares).

3.4.3 Undertakings of the Other Investors

Each Other Investor undertakes to the Company that he is not an interested person as defined in the Catalist Rules during the Option Period.

3.5. Termination

3.5.1 Without affecting any other right or remedy available to the relevant party to the Share Option Agreement ("**Party**"), the Share Option Agreement may be terminated with immediate effect by:

- (a) LCW, upon the Company giving written notice to LCW of the termination of his employment as an executive officer (as defined in the Catalist Rules), or LCW's removal as an executive officer of the Company, unless LCW had voluntarily resigned as an executive officer of the Company;
- (b) either Party giving the other Party written notice if:
 - (i) any court of competent jurisdiction or any government bodies, stock exchange, and other regulatory authority having jurisdiction over the transactions contemplated in the Share Option Agreement, has issued an order, decree or ruling or taken any other action permanently enjoining, restraining or otherwise prohibiting the transactions contemplated in the Share Option Agreement, or has refused to do anything necessary to permit the transactions contemplated in the Share Option Agreement, and such order, decree, ruling, other action or refusal shall have become final and non-appealable;
 - (ii) a petition is filed, a notice is given, a resolution is passed, or an order is made, for or in connection with the insolvency, bankruptcy or winding up of a Party;
 - (iii) an application is made to court, or an order is made, for the appointment of an administrator, or if a notice of intention to appoint an administrator is given or if an administrator is appointed, over a Party;
 - (iv) a person becomes entitled to appoint a receiver over all or any of the assets of the other Party or a receiver is appointed over all or any of the assets of a Party;
 - (v) the Company suspends or ceases, or threatens to suspend or cease, carrying on all or a substantial part of its business;

- (vi) the Company receives a notice of delisting from the SGX-ST to remove the Company from the official list of the SGX-ST; or
- (vii) if the Company is unable to obtain the necessary approvals from its shareholders at an EGM for the Proposed Grant of Options and Proposed Issuance;
- (c) by the Company if:
 - (i) any Investor fails or is unable to perform any of the obligations under the Share Option Agreement that may be applicable to it; or
 - (ii) any Investor is in material breach of any provision of the Share Option Agreement or has failed to perform and comply in any material respect with any of the representations, warranties and undertakings of the other Party under the Share Option Agreement,

provided the Company gives a written notice to the relevant Investor setting out the relevant circumstances and stating an intention to terminate and, if the relevant circumstances continue to exist seven (7) Business Days from the time such notice is given, the Company may, in its absolute discretion, terminate the Share Option Agreement by a further notice in writing to the relevant Investor; and

- (d) by any Investor if:
 - (i) the Company fails or is unable to perform any of the obligations under the Share Option Agreement that may be applicable to it; or
 - (ii) any Investor is in material breach of any provision of the Share Option Agreement or has failed to perform and comply in any material respect with any of the representations, warranties and undertakings of the other Party under the Share Option Agreement,

provided the Investor gives a written notice to the Company setting out the relevant circumstances and stating an intention to terminate and, if the relevant circumstances continue to exist seven (7) Business Days from the time such notice is given, the Investor may, in its absolute discretion, terminate the Share Option Agreement by a further notice in writing to the Company.

4. OPTION SHARES

- 4.1. Assuming that the Share Options are exercised in full, 889,000,000 Option Shares will be issued and the Company's issued and paid-up share capital (excluding treasury shares) will increase from 1,589,299,910 Shares as at the date of this announcement to 2,478,299,910 Shares. The Option Shares to be issued by the Company represent approximately 55.94% of the existing issued and paid-up share capital and 35.87% of the enlarged issued and paid-up share capital of the Company immediately after the issue of the Option Shares. Assuming that the Share Options and Warrants are exercised in full, the Option Shares to be issued by the Company represents approximately 29.09% of the enlarged issued and paid-up share capital of the Company.
- 4.2. The Option Shares, when allotted and issued upon exercise of the Share Options, shall be fully paid and shall rank pari passu in all respects with the existing Shares, save that they shall not rank for any dividends, rights, allotments, distributions or entitlements, the record date of which falls on or prior to the date of allotment of the Option Shares.
- 4.3. The allotment and issue of the Option Shares to the Investors will not result in a transfer of a controlling interest (as defined in the Catalist Rules) in the Company.

5. **EXERCISE PRICE**

- 5.1. The Exercise Price represents a discount of 4.51% to the volume weighted average price of S\$0.0314 of the Shares for trades done on the SGX-ST on 17 September 2025 and 18 September 2025⁽¹⁾, being the last preceding full market day and up to the time the trading in the Company's Shares was halted on 18 September 2025 at 11:13 a.m.

Note:

(1) The Company had on 18 September 2025, 11:13 a.m. requested for a trading halt pending the signing of the Share Option Agreement and release of the announcement on the same.

- 5.2. The Exercise Price was determined on a willing-buyer willing-seller basis, after taking into consideration, *inter alia*,

5.2.1 the historical trading price of the Company;

5.2.2 the volume weighted average price of the Shares of S\$0.030 for the 12-month period prior to 18 September 2025 on which the Share Option Agreement was signed; and

5.2.3 10% of the Share Options being exercised within 14 days from the Grant Date.

6. **RATIONALE AND USE OF THE NET PROCEEDS**

- 6.1. The Company has decided to proceed with the grant of the Share Options so that it is able to secure a commitment for future capital inflow at a fixed exercise price while protecting the existing shareholders against immediate dilution. The Company was also able to negotiate on the Exercise Price because the Investors took into account the potential upside. Although it is possible that the Exercise Price may be at a bigger discount to the volume weighted average price of the Shares at a later date, the Company notes that the converse may also be true and that the Exercise Price may be at a premium to the volume weighted average price of the Shares at a later date as the Company's Share price may increase or decrease for various reasons beyond the Company's control.
- 6.2. While the Company has already carried out the Rights Cum Warrants Issue in June 2024, there is no guarantee that the Warrants would be exercise as they are currently out of the money. This grant of the Share Options allows the Company to secure a commitment for future capital inflow at a fixed exercise price while not immediately causing a major dilution to the existing shareholders. Furthermore, the Company notes that the Investors have undertaken to exercise at least 10% of the Share Options within 14 days from the Grant Date and this provides the Company with immediate funds.
- 6.3. On the assumption that the Share Options are fully exercised by the Company and/or the Investors, and all the Option Shares are issued by the Company, the estimated net proceeds would be approximately S\$26.57 million (after deducting estimated fees and expenses of approximately S\$100,000) (the "**Net Proceeds**").
- 6.4. The Net Proceeds (if and when exercised) will be used by the Company in the following estimated proportions:

<u>Use of Proceeds</u>	<u>Percentage Allocation</u>
Financing of the Group's growth and expansion plans in Hainan Province and other parts of China, as well as Singapore operations and overseas	65%
General Working Capital	35%

- 6.5. The Company intends to utilise the Net Proceeds as general working capital and financing of the Group's growth and expansion plans for the following reasons:

- 6.5.1 With the Group's business being primarily based in China, a majority of the Group's cash on hand is held by the Group's entities in China. Having considered that the channelling of funds to its Singapore entities will be subject to the completion of the requisite administrative procedures and require processing time, the Company is of the view that deploying part of the Net Proceeds as general capital would strengthen the cash position of the Company and its Singapore subsidiaries would be in a better position to facilitate payment of the ongoing expenses of the Company and its subsidiaries in Singapore, including but not limited to payment of salary, rental, professional and listing fees, and such other administrative fees.
- 6.5.2 With the improved performance of the Group in its recent financial year, the Group is also contemplating expanding its operations, including expanding its operations in Hainan Province and other parts of China, as well as Singapore operations and overseas. With such investments being set aside for use to finance the Group's growth and expansion plan, the Group would have greater flexibility to capitalise on any new business opportunities in the aforesaid areas that would synergise with and/or enhance the Group's operations.
- 6.5.3 As such, notwithstanding the Group having sufficient working capital to meet its present requirements, the Group intends to procure the investments from the Investors pursuant to the terms of the Share Option Agreement.
- 6.6. Furthermore, the Board (save for LCW who has abstained in deciding this matter due to him being an Investor) is of the view that the proposed grant of Share Options to LCW and JMK, being the key management of the Group will align the interest of them with the interest of the Shareholders by fostering an ownership culture within the Company.
- 6.7. The Board notes that the transactions contemplated in the Share Option Agreement would result in a dilution to the shareholders. If such additional equity fundraising activities do not generate a commensurate increase in earnings, the Company's earnings per Share ("**EPS**") may be diluted, and may result in a decline in Share price. It may also limit the Company's ability to pay dividends. Notwithstanding the above, the Board is of the view that the entry into the Share Option Agreement and the transactions contemplated in the Share Option Agreement would be in the interest of the Company and its shareholders for the reasons set out above.
- 6.8. Pending the deployment of the Net Proceeds for the abovementioned purposes, the Net Proceeds may be deposited with banks and/or financial institutions or used for investment in short-term money markets or debt instruments or used for other purposes on a short-term basis as the Directors may deem to be in the interest of the Company.
- 6.9. The Company will make periodic announcements on the utilisation of the Net Proceeds as and when the proceeds are materially disbursed and whether such use is in accordance with the stated use. The Company will subsequently provide a status report on the use of the Net Proceeds in its half year and full year financial results announcement(s) and in the annual report(s) of the Company. Where the proceeds have been used for general corporate and/or working capital purposes, the Company will provide a breakdown with specific details on how the proceeds have been applied in the Company's announcement(s) and its annual report(s). Where there is any material deviation from the use of the Net Proceeds described above, the Company will announce the reasons for such deviation.
- 6.10. The Directors are of the opinion that, after taking into consideration:
- 6.10.1 the present bank facilities, the working capital available to the Group is sufficient to meet its present requirements, and the Proposed Grant of Options and the Proposed Issuance are being undertaken for the purposes set out in paragraph 6.1 and 6.2 above;
- 6.10.2 the present bank facilities and the Net Proceeds, the working capital available to the Group is sufficient to meet its present requirements.

7. AUTHORITY TO ISSUE THE OPTION SHARES

The allotment and issuance of the Option Shares to the Investors in accordance with the terms of the Share Option Agreement will be made pursuant to a specific mandate, in which shareholders' approval shall be sought for (1) the proposed grant of Share Options between the Company and LCW, and the allotment and issuance of Option Shares to LCW upon exercise of the relevant Share Options, as an interested person transaction; and (2) the proposed grant of Share Options between the Company and the Other Investors, and the allotment and issuance of Option Shares to the Other Investors upon exercise of the relevant Share Options.

8. NO PROSPECTUS OR OFFER INFORMATION STATEMENT

There is no placement agent appointed for the Proposed Grant of Options and Proposed Issuance. The Proposed Grant of Options and Proposed Issuance are being undertaken pursuant to the private placement exemption under Section 272B of the Securities and Futures Act 2001 of Singapore. As such, no prospectus or offer information statement will be issued by the Company in connection with the Proposed Grant of Options and Proposed Issuance.

9. INTERESTED PERSON TRANSACTION AND STATEMENT OF THE AUDIT COMMITTEE

- 9.1. As LCW is the Executive Chairman and the Chief Executive Officer of the Company, as well as a controlling shareholder of the Company, LCW is an "interested person" whereas the Company is the "entity at risk" within the meaning of Chapter 9 of the Catalist Rules. The proposed grant of Share Options between the Company and LCW, and the allotment and issuance of Option Shares to LCW upon exercise of the relevant Share Options are therefore "interested person transactions" ("IPT") within the meaning of Chapter 9 of the Catalist Rules.
- 9.2. The terms of the Share Option Agreement, the Proposed Grant of Options and the Proposed Issuance were arrived at after taking into consideration, *inter alia*, the prevailing market conditions and financial performance of the Group, the recent Share price, the rationale for the entry into the Share Option Agreement, and following arm's length negotiations between the Company and the Investors.
- 9.3. Pursuant to Rule 906(1)(a) of the Catalist Rules, shareholders' approval is required for an interested person transaction if the value of the transaction amounts to 5.0% or more of the Group's latest audited net tangible assets ("NTA").
- 9.4. Based on the Group's latest audited consolidated financial statements for the financial year ended on 31 March 2025 ("FY2025"), the latest audited consolidated NTA of the Group was approximately Chinese Renminbi ("RMB") 504,643,000, equivalent to approximately S\$89,954,000 on the basis of an exchange rate of S\$1.00 to RMB5.61.
- 9.5. Because LCW has undertaken not to take up more Option Shares than what he is allowed under the Share Option Limits, the value at risk for the IPT is S\$9,000,000, being the maximum investment amount that could be provided by LCW under the Share Option Agreement, and represents approximately 10.01% of the NTA of the Company. Accordingly, approval of the shareholders will be required for the IPT.
- 9.6. Pursuant to Rule 919 of the Catalist Rules, LCW and his associates shall abstain from voting on resolutions pertaining to the IPT. In addition, LCW and his associates shall decline appointments as proxies to vote on the resolutions pertaining to the IPT unless the shareholders concerned have given specific instructions as to the manner in which his votes are to be cast.
- 9.7. Pursuant to Rule 921(4)(a) of the Catalist Rules, the circular to shareholders must include an opinion in a separate letter from an independent financial adviser ("IFA") stating whether the transaction (i) is on normal commercial terms; and (ii) is prejudicial to the interests of the issuer and its minority shareholders. However, Rule 921(4)(b) of the Catalist Rules states that an opinion from an IFA is not required for the issue of shares pursuant to Part IV of Chapter 8 for cash – instead, an opinion from the audit committee in the form required in Rule 917(4)(a) must be disclosed.

- 9.8. Pursuant to Rule 917(4)(a) of the Catalist Rules, the Company must obtain a statement (i) whether or not the audit committee of the issuer is of the view that the transaction is on normal commercial terms, and is not prejudicial to the interests of the issuer and its minority shareholders; or (ii) that the audit committee is obtaining an opinion from an IFA before forming its view.
- 9.9. In this connection, the Company's Audit Committee, having reviewed the terms and conditions of the Share Option Agreement, the rationale, the Exercise Price and the financial effects of the Proposed Grant of Options and Proposed Issuance, is of the view that the IPT is on normal commercial terms, and not prejudicial to the interests of the Company and its minority shareholders.
- 9.10. Save as disclosed above, there are no other discloseable interested person transactions entered into by the Company.

10. ADDITIONAL LISTING APPLICATION

Subject to receipt of shareholders' approval for the relevant shareholders' resolutions pertaining to the Proposed Grant of Options and Proposed Issuance, the Company will be making an application, through its continuing sponsor, RHB Bank Berhad, to the SGX-ST for the listing of and quotation of the Option Shares on the Catalist Board of the SGX-ST. The Company will make the necessary announcements in due course upon obtaining the listing and quotation notice in respect of the Option Shares from the SGX-ST.

11. FINANCIAL EFFECTS

- 11.1. The financial effects of the allotment and issue of the maximum number of Options Shares on the share capital, the NTA per Share and the EPS of the Group are set out below. The financial effects which have been prepared based on the audited consolidated financial statements of the Group for the FY2025, are purely for illustrative purposes only and do not necessarily reflect the actual future financial performance of financial position of the Group after the allotment and issue of the Option Shares.
- 11.2. For illustration purposes only, the financial effects of the allotment and issue of the maximum number of Option Shares have been computed based on the following assumptions:
- 11.2.1 the financial effects on the share capital and the NTA per Share have been calculated on the assumption that the allotment and issue of the maximum number of Option Shares was completed on 31 March 2025;
